

The FAA Safety Team presents:

# **FAASTeam CFI Forum & Liberty University Flight Instructor Recurrent Training**

Aviation educators are vital and influential; they are the gateway for those entering pleasure, business, and commercial flying. Instructors advance pilots through a regulated system of certificates and ratings, transitioning pilots to different aircraft and technologies, and ensuring that pilots satisfy FAA, insurance, and flight school or company recurrency requirements. Though the reasons for increased attrition among students and other pilots are many, instructors often represent the first and last lines of defense to motivate pilots to continue in aviation. Join your flight instructor colleagues and make a difference in flight training safety! This event is open only to Liberty University School personnel. For questions, please contact Paul Ascoli at [pascoli02@aol.com](mailto:pascoli02@aol.com).

**Directions:** Liberty University School of Aeronautics Building. Second floor academics room, Lynchburg Regional Airport, VA.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants.
